*AI - Artificial Insemination; LC - Live Cover; PB - Pasture-Bred
(List all mares covered, regardless of whether or not they are believed to be in foal.)

Stallion Service Report:

All owners of registered Shetland stallions, which have serviced registered Shetland mares by live cover or artificial insemination during the calendar year shall submit a stallion report to the Society's office at the end of the breeding season but not later than December 31 of the year of service.

Additional Stallion Report forms are available online at www.shetlandponysociety.org.

1. All registered Shetland mares bred (not just those in foal) must be listed, with the names of owners or lessees, and all dates of service (or range of dates in case of pasture breeding). Indicate the registry number of the mare next to her name and indicate SPSNA, ASPC, British, or Canadian. Please indicate the same for the stallion.
2. This report **must be signed** by the owner(s) or lessee(s) of the stallion.
3. If a stallion stands at more than one location during the calendar year, a separate report must be submitted for his breeding activities at each location.
4. All stallions siring foals and the resulting foals may have their DNA typed at the request of SPSNA.
5. The registration certificate of each mare bred should be examined at the time of breeding.
6. The fine for submitting a stallion report after the deadline is \$50.

Send this completed report to:
